PROJECT TITLE	VISUALIZING AND PREDICTING HEART DISEASES WITH AN INTERACTIVE DASH BOARD

Team Leader: Latha Nandhini P

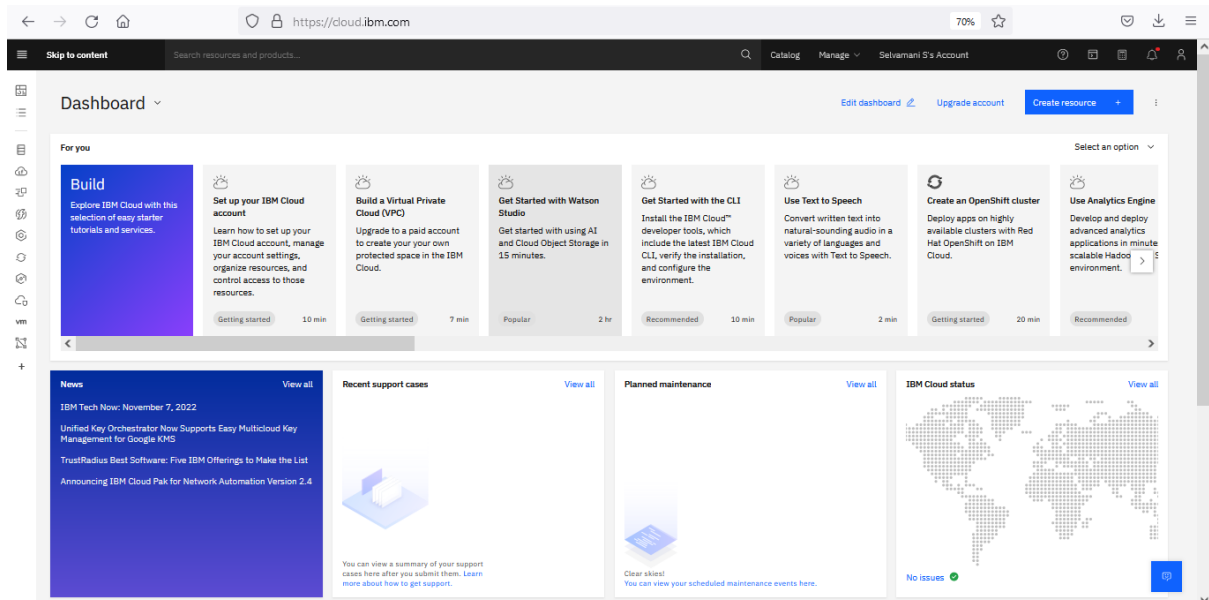

The screenshot displays the IBM Cloud Dashboard interface. At the top, the browser address bar shows 'https://cloud.ibm.com' with a 60% zoom level. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and 'Latha Nandhini P's Account'. The main content area is titled 'Dashboard' and features a 'For you' section with various tutorial cards. These cards include 'Build' (Explore IBM Cloud), 'Set up your IBM Cloud account', 'Build and deploy Node.js apps', 'Get Started with Watson Studio', 'Build a web app with Watson Speech to Text', 'IBM Watson Knowledge Catalog', 'Use Analytics Engine', 'Get started with Continuous Delivery', and 'Create an OpenShift cluster'. Each card provides a brief description and a 'Getting started' button with a time estimate. Below the 'For you' section, there are four main panels: 'News' (with a 'View all' link), 'Recent support cases' (with a 'View all' link), 'Planned maintenance' (with a 'View all' link), and 'IBM Cloud status' (showing 'No issues' with a green dot and a 'View all' link). At the bottom, there are two more panels: 'Usage' (with a 'View usage' link) and 'User access' (with a 'Manage users' link). The 'User access' panel includes a form to enter email addresses for user setup.
